prices Gravitated to a Lower Level, in an Irregular Way, Without Resistance.

YORK, May 16.-The stock market was under pressure again pday, and prices gravitated to lower level in an Irreguwithout much resistance. The ing causes were the quite genust and hesitation reflected in siness world and the rapid changes or place in the resources of the money by reason of the heavy gold outgo. scial aggravating cause was the reof the liquidation in the Eric stocks, the acute weakness resulting. The es decline in the earnings reported by the maintenance of the dividend on first preferred stock. This special ges rather more than offset the susinfluence of the firmer tone for which States Steel preferred. The support with stock carried it up a large fraction and an a cheering effect upon in general market. The weakness because fairly general in the mid-session side, the grain and cotton carriers because fairly general. The selling of escences was based, apparently, on the cafter conditions in the crop regions. In Sairday bank statement and the new outlook were much discussed and this was found in the subject to stimulation was found in the subject to stimulate any advance in stock prices. The prement of gold already made for extenses added to by only \$750,000, of the \$50,000 was for Thursday. But this washing and the canada personement of the shipment intendity Tuesday until Thursday was due the same cause. and States Steel preferred. The support

be personamed and the truesday was due to the truesday until Thursday was due to the tone of the foreign exchange market towed no signs of relaxation of the person upon this center for gold. Lonea, however, reported such a plethoric reduce of money that funds were practically uslendable with the call rate down ut for cent, and two and three months' described and the time money make was firmer. This course of events and lead shortly to borrowing on sterior bills in New York, with a resulting fement of gold remittances. The forest trade statement for April shows a deck to the fall in our exports of mermatishes and a decrease in the value of mosts which tends to restore somewhat the trade balance in our favor, thus result the excessive pressure for exports of the fall of the statement of the property of the statement of the st

Interest is the closing, reports of traffic efficient and a reduction in the price of copyrated to effer any help to the stock write, and a banking failure in Macon, a hid a disturbing effect upon sentimented its influence on the market by its in advance of a point, with a rally in the meral list. The closing, however, we investigate.

man. United States 2s and 3s coupon the old is declined 1, per cent on call. NEW YORK BOND LIST.

Strawberries Are Again Cheaper-Utah Catfish Competes With Imported.

extent during the past week. Beef is quoted between 7 and 71/2 cents, but most steers are selling for 7%. Mutton prices are about the same. Ewes ere now fetching 5 cents per pound, spring lambs \$3 upiece. Veal is stendy at 9 cents. Hogs are worth 74. Business has been rather slow in the meat market, the demand not being very great. Most of the erders have been filled with Utah mest, the imports of Eastern stock not having been necessary. In a month or so range cattle will be on the market, and prices will go down. Strawberries are now down to \$1.50 per

crate. From now on consignments will come every day. W. M. Rash & Co. alone expect to import at least one carload a

day.

Poultry orders were all filled with Utah chickens and hens yesterday, as the expected shipments from the East did not arrive. In this, as in other lines, the home froducers are beginning to hold their own. There was an abundance of fish to be had yesterday, all consegnments having come as expected. The only novelty on the market is Utah cartish, the price of which is 12½ cents per pound.
